

Evidence Request, Fraudulent Checks

Report Number _____

_____ has been the victim of Identity Theft. The suspect cashed a fraudulent check in your business. The Fresno Police Department Financial Crimes Unit has asked the victim to locate evidence of the transaction and video/photographic evidence to help us identify and prosecute the suspect. Evidence of the transaction can be a paper receipt or an Electronic copy. In addition to the video of the suspect committing the fraudulent transaction, any other video of the suspect going in, out or through the store will give us a better opportunity to identify the suspect. Evidence from the parking lot or vehicles would also be appreciated if available.

To help the business identify the illegal transaction, attach a copy of the front and back of the check or checks.
